Hello Bob,

The application was accepted for processing on June 10, 2024. There is no statutory deadline for amendments but given the delay, I can try to push it to the top of the list for technical review

Please send me the application materials and I will be in touch with review comments as I begin processing the application.

Bob Green has been the project manager I've been working on with this.

Application and payment receipt attached. Drawings would drive the file size too high. Per instructions on your website, I will submit drawings once Bob gets back to me. Thank you!
