Subject: Convenience Store Reconstruction

To whom it may concern,

I have reviewed the plans submitted by Site Design Associates in regards to the store reconstruction. I have no issues with the access to the site for fire or medical emergencies. The store will need to have a full fire alarm system with Knox Box mounted near the front entrance door. Please reference the fire alarm ordinance and key lock box ordinance for specific details.

Please contact me if you have any questions.

Respectfully submitted,

Chief Cox
